Press Release

FOXFIRE PRINTING HONORED BY THE PHILADELPHIA 100[®], FOR THE 3RD YEAR IN A ROW AS ONE OF THE REGION'S FASTEST GROWING PRIVATELY-HELD COMPANIES

Newark, DE - 2004-11-16

Foxfire Printing has been recognized as one of the fastest growing privately-held companies in the nine county Philadelphia region for the 3rd year in a row, placing 55th on the list, up from 92nd place last year. John Ferretti, CEO, credits the growth from 2001-2003 to continued investment in digital technology and the development of creative marketing solutions. Programs such as Foxfire's One-to-One Marketing Program for direct mail yield a higher rate of return on investments, by incorporating targeted customer information and Foxfire's variable data printing capabilities.

The ranking in the Philadelphia 100[®], based on the company's sales growth over the past three years, is sponsored by the The Forum, The Wharton Small Business Development Center and The Philadelphia Business Journal. Foxfire was honored at The 2004 Philadelphia 100 Awards Dinner and Ceremony held on October 20, 2004 at the Center City Marriott in Philadelphia.

Foxfire, with corporate headquarters in Newark, Delaware employs approximately 150 people with a printing facility in Upper Marlboro, Maryland and sales offices in New Jersey, North Carolina and California.

Foxfire is a full-service technology-driven marketing solutions company, dedicated to helping companies succeed through effective printing, data management and fulfillment services. Foxfire innovates solutions that streamline companies design>print >fulfillment supply chain.
